

Uninstalling IE 7 and Rapattoni

If you have recently installed Internet Explorer 7, and then uninstalled/reverted back to Internet Explorer 6 you may be having trouble logging in and using Rapattoni MLS. Please follow the steps below to correct login issues you may be experiencing.

Open Internet Explorer

Navigate to Tools, then Internet Options, Security Tab and click on the Trusted Sites Icon.

Click the Default Level Button, click Apply, then Ok.

Restart your computer to update the settings.
